March 16, 2020

Big Red Nation,

During these uncertain times I want to thank you for your flexibility, patience, and support. My promise to everyone is that decisions will be made with student, staff, and community well-being the most important priority. I will attempt to communicate information on a timely basis, however please understand some decisions from other sources may change information previously reported.

The following is an update regarding the Coronavirus (COVID – 19) and our plan as a district moving forward.

Students will not return to school at the earliest until April 14. This is the end of our scheduled spring break. This is subject to change on the orders of our elected officials.

We are committed to providing lunches to students and community, ages 1-18, in need. Please continue to monitor our district social media sites for information on this program. Our goal is to have this program operational starting Tuesday, March 17.

After today all school buildings will be closed through Friday, March 20 (except for the operation of the lunch program). Currently staff is scheduled to report to all buildings on a limited schedule starting Monday, March 23. **Only staff will be permitted in buildings.** Please call if you need information or assistance. This procedure will also be followed at the Board of Education office. **Please call first.**

Updates will be posted on the district social media sites. At a minimum weekly updates will be available each Monday. Thank you again for your support. Together we will get through this situation and we will continue to serve the children of our community.

Sincerely,

*Pride and Dedication; Excellence in Education*
